Course:

Exam One

Question Number Missed	Misread Question	Did not understand the question	Did not understand the material	Did not complete assigned reading	Did not study the material	Changed the answer	Could not decide between two	Did not prioritize correctly
Totals								

Barriers Identified:

- Number of hours working
- Difficulty identifying key concepts
- Did not read the assigned materials prior to class or the exam
- Minimal time spent studying
- No study group
- Time management
- Family obligations
- No application of course materials

Test Strategies Learned During the Review:

- Scheduling study time
- Concept mapping
- Read assigned materials prior to class
- Study groups
- Application of course materials via virtual case studies
