PROJECT

VISION...

What has/hasn't worked in the past when teaching this course? What will carry over?

What are the "rules" for this project: audience, structure, length, mandatory tools or assessments, etc.?

If resources were no object, what are your hopes and dreams for the course?

STRUCTURE

Keywords: module, unit, week, lesson, before, during, then, later, after, next, while, when, above, below, together, etc.

FOLLOW-UP

What resources can you offer to help facilitate the vision? Do concerns need addressing? When is your next meeting?
